

Release Date	Version	Comments
5/8/2006		Initial Release of version.
9/7/2006	3.10.6	<u>New Features:</u> <ul style="list-style-type: none">• Added optional Sales Tax option for all auction items. <u>Bug Fixes:</u> <ul style="list-style-type: none">• Corrected right column heading of Item Solicitor report.• Corrected problem in Item form grid where backspace and enter key were handled incorrectly.• Corrected problem where new Category was added and them moved up the list before being saved.
12/29/2006	3.10.12	<u>Updates:</u> <ul style="list-style-type: none">• Bidder and Donor imports now default to Append to existing entries instead of Replace existing entries.• Updated Help so it better describes the column headings needed in the spreadsheets used for importing bidders and donors. <u>Bug Fixes:</u> <ul style="list-style-type: none">• Corrected problem where an empty cell in the import spreadsheets could cause a program error.
3/12/2007	3.10.15	<u>Bug Fixes:</u> <ul style="list-style-type: none">• Corrected problem with Sales Tax during recording of auction purchases.• Corrected problem where a value in a cell was too long in an import spreadsheet for bidders and donors.• Corrected problem where 'hidden' spreadsheet worksheets were display in the import selection list.
3/22/2007	3.11.17	<u>New Features:</u> <ul style="list-style-type: none">• Modified all drop down lists so the entries can now be typed and the list searched for the first match. This speeds up the use of the various forms, especially during auction closeout.• Bidder numbers can now be entered on the auction closeout form (purchases) as well as the entering/selecting of the bidder name from the drop down list. NOTE: This option only appears if the auction is using the 'Please Print Bidder #' on the bid sheet instead of the 'Please Print Name'.
